Core Competencies

On-Ground Logistics, Services, and Life Support

- GS GS has developed a reputation as a reliable, agile, and innovative provider of comprehensive support solutions, specializing in the preparation, deployment, and sustainment of operations in non-conventional and austere environments.
- Robust experience across Africa and E. Europe providing 24/7 turnkey logistics support for thousands of personnel; including a full range of life support and embedded program managers, tailored for off-site support.

Training, Kitting, and Operational Support

- Through in-country training, mentoring, and provisioning of custom equipment, GS GS is helping build the critical capabilities of partners abroad – delivering comprehensive solutions that enable enhanced training and Capacity Building.
- GS GS supports Anti-terrorism (AT), Crisis Response Team (CRT), and COCOM specific training requirements to include Tactical Response; Law Enforcement (LE); Key Leader Engagement (KLE); and Language, Regional Expertise and Culture (LREC).

Intelligence Support

- Leveraging an extensive global network, GS GS delivers an Activities Based Intelligence (ABI) and advisor network that provides real time, all-sourced activity in any Operating Environment.
- GS GS provides technical guidance, Open-source intelligence (OSINT), Identity Intelligence (I2), Human intelligence (HUMINT), All Source, and special intelligence services and products to commercial & government clients. This includes a focus on combating Counter-drug (CD) and Transnational Organized Crime (TOC).

Featured (2019): GS GS completed it's state of the art live fire shoot house in Senegal.
